Bring a bag!  
Tell a neighbor!

Did you know ...

“Sell-by” date is geared more toward the retailer, indicating to them when they should rotate product off the shelves.

“Best if used by” date is an indicator of quality (the food will not be “bad” after that date)

“Use-by” date is the last day the manufacturer recommends using the product based on quality, not safety.

“We should be good stewards over what God has blessed us with” ...

### **For distribution information:**
